Estimated Total Program Price: If a traditional standard high school student (non-adult) completes his or her entire grade 9-12 standard diploma with Excel High School, it is estimated that the 4-year program cost will be \$6,760, including tuition and all fees. Cost may be reduced by transfer credits and other promotions and discounts. For any check, draft, or money order that is returned for insufficient funds (NSF), students will be charged a \$50 fee, and Excel High School will resubmit for payment. Chargebacks are subject to a \$50 bank fee per transaction.

Students are required to use the Auto Payment option. Students are responsible for keeping the account information up to date to avoid any late or returned payment penalties.
